Number Reading and Writing Progress Monitoring Tool

Instructions: Mix the 11 number cards. Ask the student to write one number at a time as (only) YOU look at the cards. Keep track of how the child writes each number below.

Next, reshuffle the cards and ask the student to read the numbers aloud to you. Again, keep track of how the child reads each number below.

check mark: Correctly written/read number

R: Reversal

IDK: Don't know

record error: incorrect number (or incorrect place value order)
