

Mathematician Checklist:

- Support your thinking with a math tool **picture**.
- Show your math with a **number** sentence equation.
- Then answer the question using a **word** label.
- My solution makes sense.

10 bats flew into a black box.

Then 2 bats flew back out.

How many bats are in the black box now?

Mathematician Checklist:

- Support your thinking with a math tool **picture**.
- Show your math with a **number** sentence equation.
- Then answer the question using a **word** label.
- My solution makes sense.

Frankie has 3 pumpkins.

Audrey has 2 pumpkins.

How many pumpkins do they have in all?
