Balancing Equations

Find two addition problems that have the same sum to balance on the scale.

Place them on the scale and record the equations on the recording sheet.

Name: _____

Addition Games
Commutative Property

Balancing Equations

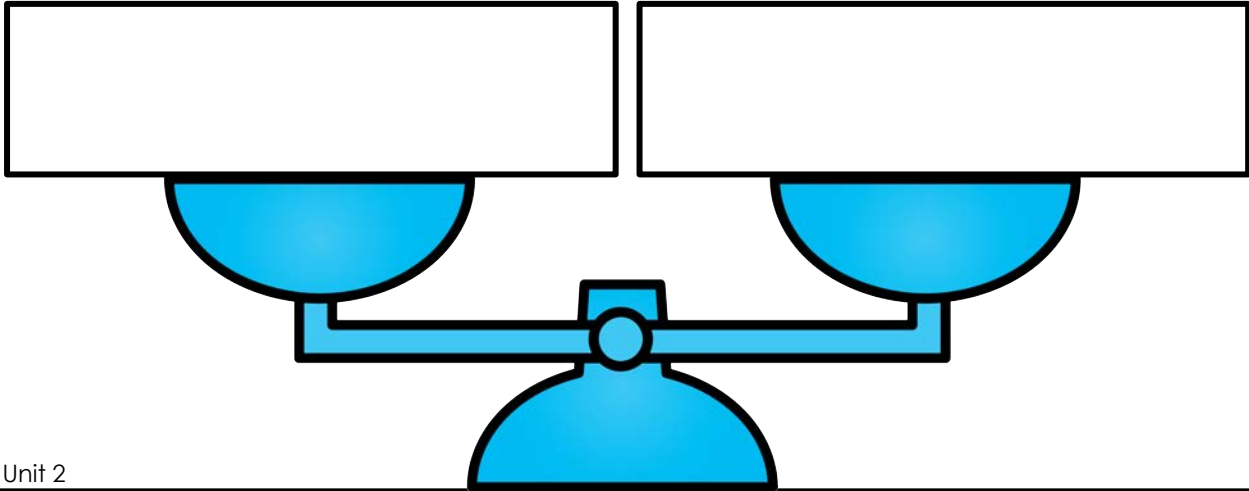

Directions: Choose an addition problem. Match them to a balancing equation. Record equal equations.

$2 + 3 = 5$	$\square + \square = \square$
$3 + 2 = 5$	$\square + \square = \square$
$\square + \square = \square$	$\square + \square = \square$
$\square + \square = \square$	$\square + \square = \square$
$\square + \square = \square$	$\square + \square = \square$
$\square + \square = \square$	$\square + \square = \square$
$\square + \square = \square$	$\square + \square = \square$
$\square + \square = \square$	$\square + \square = \square$
