

December

Concept

Numbers from 6-10

Activity 1

Introduce finger patterns 6-10

Arrange ten frame cards face up in random order 1-5. Then place 6-10 face down in order. Share ideas of what's next and how would you know. Then include finger representation 6-10. Complete counting sequence 0-10.

Activity 2

Five and Some More

Use a ten frame ("five wise" is written on top of the cards) from Number Launch to flash and build. Give two different colors of unifix cubes to each pair.

When Can these activities be used?

✓	• During Morning Meeting as the Activity
✓	• As an activator prior to a mini lesson
✓	• Short time prior to a special or just after a special
✓	• With a small group if reinforcement is needed
✓	• Short time prior to a special or just after a special
	• Short time prior to a special or just after a special

Is there a Unit/Units that this works well with?

- Counting Strategies
- Counting Names and Count Sequence
