Concept

## Representing Addition and Subtraction on the Farm

Activity 1

Farm Animal Story Problems to Ten

Using story problems about farm animals, students will show and solve addition problems using cubes on a counting mat.

Activity 2

The Case of The Missing Animals

Using story problems about farm animals, students will show and solve subtraction problems using cubes on a counting mat and teacher will model number bonds.

When Can these activities be used?

	<ul style="list-style-type: none"><li>During Morning Meeting as the Activity</li></ul>
✓	<ul style="list-style-type: none"><li>As an activator prior to a mini lesson</li></ul>
	<ul style="list-style-type: none"><li>Short time prior to a special or just after a special</li></ul>
	<ul style="list-style-type: none"><li>Short time prior to a special or just after a special</li></ul>
✓	<ul style="list-style-type: none"><li>Short time prior to a special or just after a special</li></ul>
	<ul style="list-style-type: none"><li>Mini Lesson</li></ul>

Is there a Unit/Units that this works well with?

- Problem Solving
- Addition and Subtraction
- Missing Parts and Missing Wholes
